Ujjwal Pal

050ujjwal.pal@gmail.com | 9997746993

CodeChef | GitHub | LeetCode | Linkedin | HackerRank

Education

Alliance University   Bengaluru
Bachelor of Technology Computer Science   Aug 2019 - Aug 2023
GPA: 2.9/4.0

Skills

Programming Languages:	Java(Core), C++(DSA), Python, JavaScript, Git
Libraries/Frameworks:	Bootstrap, CSS, Html, Reactjs
Tools / Platforms:	IntelliJ, Eclipse, VS Code, Bootstrap Studio, GitHub
Databases:	MySQL, MongoDB, Data Structures and Algorithms

Projects / Open-Source

Hospital Management System | Link   *Java, Android, Firebase*
In this project, I created an android Application In which a patient is able to register for a doctor's appointment.

Portfolio | Link   *HTML, JavaScript, API, CSS*
A portfolio website that has different web pages tells information about the user.

Sorting Visualizer | Link   *C++, SDL library*
Visualization of different sorting algorithms in C++ with SDL2 Library.

Sign in and sign up to Website | Link   *Servlet, Html, JSP and MySQL, Java*
A Free-lancer website with the working sign in and sign up function.

Diabetes Prediction | Link   *Python, Machine Learning*
In this Project I have done diabetes prediction using Machine learning Algorithms

News Prediction | Link   *Python, Machine Learning*
In this project I am predicting the news what we are getting is that true or not.

Certifications

- The bits and bytes of Computer Networking - **Coursera**
- Quantum Mechanics - **Coursera**
- Mathematics for Machine learning: Linear Algebra - **Coursera**
- Data Visualization - **Kaggle**

Honors & Awards

2 star rating on code chef

C++ :- Four Star on HackerRank and In java Two Star

Got 90 rank from 4000 competitors in starter 56 on Codechef

Leetcode:- 60 Problems Solved
